MEMORANDUM FOR: Acting Director of Central Intelligence  
FROM : SA/DCI/IA  
SUBJECT : NSC Meeting on Pipeline Sanctions,  
22 September 1982

25X1 1. It appears that tomorrow's NSC meeting will be nothing more than a replay of last Thursday's SIG-IEP meeting, except that the President will be present. No papers have been produced for the meeting. I checked with my counterparts at State who report that Shultz will give the same presentation tomorrow that he gave last Thursday. As you will see from [redacted] Memo for the Record (attached), Shultz did quite a bit of the talking at the meeting.

2. Per your request, I am returning the Director's copy of the SIG-IEP book, which includes a set of talking points basically covering the findings of the SNIE. I checked with Maurice, who believes that the talking points are still valid. He added that because Shultz spoke so long last week, the Director and others were not able to say very much.

25X1 3. [redacted] is checking with OGI and SOVA to make sure that you have the latest on developments relative to the pipeline. He will let you know if anything develops.
